EAGLE MOUNTAIN CITY
THIRD AMENDMENT TO
MASTER DEVELOPMENT AGREEMENT
DATED MARCH 23, 2016
FOR THE
PORTER'S CROSSING TOWN CENTER
MASTER DEVELOPMENT

This THIRD AMENDMENT ("Third Amendment") to the MASTER DEVELOPMENT AGREEMENT FOR PORTER'S CROSSING TOWN CENTER MASTER DEVELOPMENT dated and recorded March 23, 2016 ("MDA"), the First Amendment thereto, titled "Master Development Agreement for Porter's Crossing Town Center, but dated January 16, 2018 ("First Amendment"), the SECOND AMENDMENT TO MASTER DEVELOPMENT AGREEMENT DATED MARCH 23, 2016 FOR THE PORTER'S CROSSING TOWN CENTER MASTER DEVELOPMENT dated June 5, 2018 and recorded July 3, 2018 ("Second Amendment") (cumulatively, "Prior Agreement") is entered into between Eagle Mountain City, a Utah municipal corporation ("City") and Pony Express Land Development, Inc. a Utah corporation ("Developer") as of the date last executed below.

entry #
39797:2016

This Amendment is made with reference to the following facts.

A. All of the capitalized terms in this Third Amendment shall have the meanings specified in the Prior Agreement except as modified below.

B. The City and Developer have determined that it is in the best interest of the Parties to amend portions of the Prior Agreement as set forth below.

NOW, THEREFORE, in consideration of the mutual covenants and promises of the parties contained herein, the parties agree as follows:

1. **Definitions.** Section 1.19 of the Prior Agreement, as amended by the Second Amendment is hereby to read as follows and Section 1.36B is hereby added:

1.19B. **Density of Residential Dwelling Units** means that the Developer is entitled, as of the date of this amendment, to build 192 apartment or condominium units in Pod 9 in the MF2 zone, 25 townhouse units in Pod 9 in the MF1 zone, and 33 townhouse units in Pod 10 in the MF1 zone. Notwithstanding the preceding, Developer shall be required to comply with the standards of the MF1 and MF2 zones as identified in the zoning map in Exhibit 1, except as specifically modified in this Agreement and as set forth in Exhibit 6. Otherwise, the dwelling units specified in the Prior Agreement in the other Pods shall not be modified and shall stand as built.

1.36B. **Pod 9** means the development area that was referred to in the Prior Agreements as Pods 9a and 9b excluding any portion of Pod 15a as now herein described.

2. **Property Subject to This Third Amendment.** The legal descriptions for Pods 2, 9, 10, 15a and 15b are set forth in Exhibit 2.

3. **Northwest Residential Area.** Section 4 of the Second Amendment of the Prior Agreement or anywhere else regarding Pods 2, 9a, 9b, 10 and 15a and 15b, if contradicted by this Third Amendment, is hereby modified or amended as set forth herein to conform with the following Section 9B.

9B. **Development on Pod 9 and Pod 10 and Pod 15.** Except for the specific alternative development standards detailed in this agreement, the uses, zoning, open space, height, massing, layout and other requirements, as of the day of this amendment, for the future development of Pods 9 and 10 shall be in accordance with the MF1 and MF2 zones as identified in the zoning map and concept plan in Exhibits 1 and 3 which are hereby incorporated by reference. In the case of any conflict of zoning requirements the specific provisions of this Third Amendment to the MDA shall prevail.

9B.1 Developer may build apartment or condominium buildings up to 4 stories and 48 units per building in the MF2 zoned portion of Pod 9 for a total of 192 apartments or condominium units, and 25 townhouses of 3 stories and no more than 6 units per building in the MF1 zone portion of Pod 9, and 33 townhouses of 3 stories and no more than 6 units per building in the MF1 zone of Pod 10. The buildings shall be designed in accordance with the Architectural Standards as allowed in Eagle Mountain Municipal Code Section 17.72.040, but may choose to design the buildings with flat roofs and rooftop patios/gardens as represented in Exhibit 4 and the video presented at the May 16, 2023 City Council

meeting.

9B.2 Developer agrees to waive its rights concerning the potential use of portions of former Pod 15 for RV storage. City agrees to allow parking, amenities and open space use, improved or natural, in Pods 15a and 15b to all count toward the open space, parking and amenity requirements for Pods 9 and 10, 15a and 15b subject to compliance with any conditions of the easements located in the Pods 15a and 15b. Developer shall accrue acreage and points credits for open space and improvements upon land that was dedicated.

9B.3 Developer agrees to comply with the fencing standards as outlined in the City's laws effective the date of this agreement and specifically agrees to install vinyl fencing at its sole cost and expense for the adjacent homeowners to the south and east of Pod 9 that do not currently have it along the shared property line. Developer shall also provide a warranty for the existing and new fencing along the shared southern and eastern property lines of Pod 9 for all homeowners sharing a property line along the southern and eastern border of Pod 9, including those that have already completed their fencing, for a period of 5 years. The precise location of new fencing shall be determined by the City. Developer also agrees that it will not construct any apartment building within 125 feet of the eastern border of Pod 9.

9B.4 Within Pods 9, 10 and 15 Developer agrees to construct a new public road listed on the concept plan in Exhibit 3 as Nessa Way within a 56-foot right of way, more particularly described in Exhibit 3, including curb and gutter, in accordance with the local road standards in City's laws effective the date of this Agreement with the regional trail on one side only rather than standard sidewalks. Developer, at the City's request, shall also continue to construct Nessa Way, with the same building specifications, outside of Pod 15B, in a southwestern direction across Eagle Mountain City's property and connect Nessa Way to St. Andrews Drive at its natural connection point. City staff shall have discretion in cooperation with Developer to determine the exact location of the trail. At the northern most point of Nessa Way Developer shall stub the road for the City's future connection to North Berwick Lane. All road development shall occur where necessary within Pods 9, 10, and 15a and 15b. The road illustrated on Exhibit 3 where located on the City owned parcel to the northwest of Pod 10 is not Developer's responsibility to construct and is conceptual only.

4. **Pod 2.** All references to Pod 2 in the Prior Agreement are hereby modified and amended as set forth herein:

4B. Pod 2 shall be zoned as Commercial Community (as shown on Exhibit 1 and developed in accordance with the City's laws as of the effective date of this agreement except as specifically modified herein.

- A. 4B.1. Developer shall use commercially reasonable efforts to place a hotel in Pod 2. The hotel may, at Developer's discretion, be on a building footprint up to 21,000 sf with up to 4 stories in height. Developer may apply to the City Council for approval of a hotel with up to 6 stories at the Council's discretion. If Developer is not able to secure a hotel use in Pod 2 then Developer may develop the entire pod in accordance with the Commercial Community zone as outlined in the zoning map in Exhibit 1.
5. **Pod 15.** Pod 15 shall be divided into two separate Pods namely, Pod 15a and Pod 15b. See Exhibit 1.
- A. Pod 15a shall be improved, with the required open space, amenities, parking spaces, trails and an existing retention pond, with the requirements created by Pods 9 and 10. Said improvements shall be designed and approved along with a master site plan application for Pods 9 and 10 in accordance with the standards in the City's laws effective the date of this agreement. Pod 15a's open space and amenities shall be completed concurrent with the development of either Pod 9 or Pod 10, as set forth herein. When the improvements to Pod 15a are completed, that portion of open space and amenities shall be dedicated on the plat to Eagle Mountain City for use by the general public (See Exhibit 6, the area designated as OS-I). In accordance with the terms of paragraph 9, the City may require early dedication of the Regional Trail.
- B. Pod 15b shall be dedicated to Eagle Mountain City upon completion of the public road and Regional Trail as shown in Exhibit 3 and on Exhibit 6 (the area designated as OS-N). In accordance with the terms of paragraph 9, the City may require early dedication of the Regional Trail.
6. **Pod 10.** In addition to the 33 townhouses, referenced above, Developer shall also construct a Dog Park on the southernmost portion of Pod 10 (See Exhibit 3).
7. **Club House and Swimming Pool.** The club house and swimming pool in Pod 9 shall be accessible to all owners and residents of Pods 9 and 10 and shall comply with the size, building, and timing standards in the City's laws effective the date of this agreement. The clubhouse and swimming pool will be completed at the time both Pods 9 and 10 are completed.
8. **Land Exchange.** Eagle Mountain City and Developer may, upon their mutual approval, exchange certain real properties. Eagle Mountain City owns a small parcel of property directly north of the proposed residential buildings on Pod 10 and will consider exchanging it for the small parcel of real property in Pod 15 owned by Developer. In doing so it eliminates the City's maintenance of the property between the Developer's residential buildings and the City's proposed new road adjoining North Berwick Lane and the Developer's property to the south. If exchanged with the City, it would join to the already existing City property along the same boundary line. The terms of any exchange would be governed by separate agreement and may

differ materially from what is in this section. If the exchange does not take place Developer then submits Exhibit 3 to illustrate the proposed property boundary lines and building orientations located on Pods 10 and 15. If the land exchange does not take place the Developer shall maintain the same small parcels of property at its expense.

9. Regional Trails. Upon completion, all Regional Trails shall be dedicated to Eagle Mountain City (See Exhibit 3). Notwithstanding the foregoing, the City may at its option require the dedication of the trails prior to completion with 90 days notice. If City exercises this option for earlier dedication of the trail, City shall complete any remaining improvements. This early dedication does not relieve Developer of the costs of the trail improvements except that Developer shall not be required to bond for the improvements and payment of any outstanding costs shall be by separate agreement. The Parties agree to negotiate in good faith regarding a mutually acceptable arrangement for payment of any outstanding costs.. After the dedication of the trails, Eagle Mountain City shall thereafter be responsible for any and all maintenance of the trail system.

10. **Park and Improved Open Space.** Sections 8A.1, 8A.2 and 10A of the Second Amendment are hereby deleted and replaced with the following new Section.

8B.1 **Acknowledgement of Current Status.** The City and Developer in the Prior Agreement had calculated that the development of Pods 2, 4, 6a and 6b would have required under the City's Vested Laws the dedication of a total of 10.95 acres of land and the construction of 1,095 "points" worth of amenities.

The Project, as designed at the time of the Second Amendment contemplated the dedication of 7.09 acres of land and the construction of 877 points of amenities. The plan for the Project thus left a deficit from the City's Vested Laws of 3.86 acres and 218 amenity points. The City's Vested Laws valued the missing acreage at \$3.50/square foot and the missing points at \$500/point. The total value of the missing acreage and amenity points was calculated at \$697,496.00. Master Developer has paid that \$697,496.00 to the City as an "in lieu" fee.

The parties acknowledge that the in lieu fee, calculated pursuant to the Second Amendment and relating to the then current Pods 2, 3b, 3d, 3e, 4, 6a, 6b, 9a, 9b, and 15, will need to be adjusted given that this Third Amendment : 1) changes the number of ERU's to be built in Pod 2; 2) eliminates the recreational center in Pod 6a; and 3) removes the senior citizen center in Pod 6b. As such, the City will recalculate, pursuant to the Second Amendment, the amount of open space, improvements and amenities required for the new developments as set forth in this Third Amendment in Pods 1, 2, 9, 10, 15a and 15b and apply the unused points, effective as of the day of this amendment, of the in lieu fee against the new open space, improvements and amenities requirements of the new development. The net result of the new calculation will determine the required amount of open space, improvements and amenities required by the City code for the new development.

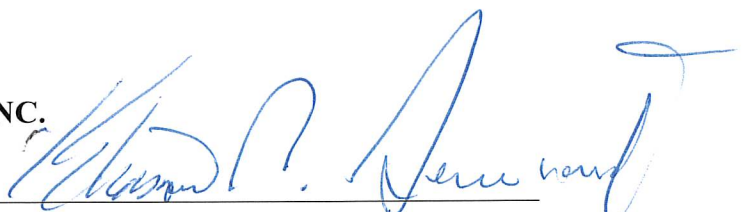

Such adjustments will be determined on or before the time that a site plan for Pod 9 or 10 is submitted to the City for approval.

8B.2. **Acknowledgement of Work Remaining.** The City and Developer acknowledge that the park area in Pod 3d and the trail in Pod 3e as identified in Exhibit 5A of the Second Amendment to this Agreement still needs to be completed. The Developer shall complete these improvements prior to commencing any construction on Pods 9 or 10.

11. **Interpretation and Effect of This Third Amendment on the Prior Agreement.** If any provision of the Prior Agreement or any prior amendments thereto conflict with this Third Amendment, including the Exhibits hereto, then the provisions of this Third Amendment shall control. All definitions not explicitly defined herein shall have the meaning as defined in the Prior Agreement. All Prior Agreements shall remain in full force and effect except as explicitly modified by this Third Amendment.

12. **Expiration:** This Third Amendment shall expire six (6) years as applied to Pod 2, and ten (10) years for Pods 9, 10, and 15a and 15b, from the date of City Council approval unless extended pursuant to Eagle Mountain City Code. Upon expiration the zoning approved in this Third Amendment will remain and any future applications for development on the property must comply with the City's laws at the time of application.

Porter's Crossing Town Center

Open Space Calculations

On July 18, 2023, the Eagle Mountain City Council approved the Third Amendment to the Master Development Agreement for the Porter's Crossing Town Center Master Development. Paragraph 10 of that amendment required the City to recalculate the amount of open space, improvements, and amenities required for the new developments (Pods 9 and 10).

Following a detailed analysis of all required and provided open space and amenity points, and the previously received in-lieu fee (\$697,496.00 for 3.86 acres and 218 amenity points), the City hereby determines that development of Pods 9 and 10 (maximum 250 dwelling units) will require the following along with the submittal of a master site plan and/or site plan application, based on the recalculation example below (The recalculation example below uses the information from Exhibit 3 of the Third Amendment to the Master Development Agreement for Porter's Crossing Town Center Master Development):

Recalculation Method for the Open Space Worksheet for Pod 9 and Pod 10.

Amenity Point Requirements

Recalculated amenity point requirements, per Pod, using the previously received in-lieu fee.	Points		
	Required	Provided	Balance
Pods 2, 3b, 3d, 3e, 4, 6a and 6b.	682	683	(1)
Pods 9 and 10.	486	-	486
Previously received in-lieu fee.	-	218	(218)
Totals.			267

Amenity Points

1. The proposed amenities should reflect, generally, the amenities shown in the conceptual plans approved with the Third Amendment to the MDA (trails, pickleball courts, pavilions, gazebos, playgrounds).
2. Amenities constructed inside the PacifiCorp power easement and the Kern River gas easement must comply with the encroachment specifications of each easement.
3. The regional trail that will be constructed along Nessa Way (in the utility corridor) will not count towards required amenity points, as it replaces the required sidewalks along the road.

Open Space

1. Improved public open space surrounding the amenities and generally in accordance with the conceptual plans.
2. Open space improvements constructed inside the PacifiCorp power easement and the Kern River gas easement must comply with the encroachment specifications of each easement.
3. Private open space and improvements as generally shown in the approved conceptual plans.

This accomplishes the recalculation requirements in paragraph 10 of the Third Amendment to the Master Development Agreement for the Porter's Crossing Town Center Master Development.
